

ERRATUM

While all possible care was exercised during preparation of the article by Holloway (2026a), the lettering on Figures 1–8 was most unfortunately left out and did not appear in the PDF version published on 30 July 2026.

The missing labels have been added to all figures, and the published version has been updated on 1 September 2026 (Holloway 2026b).

Notwithstanding the above, the original publication date — 30 July 2026 — of Holloway's work must be retained for the purpose of Article 21 of the International Code of Zoological Nomenclature (ICZN 1999), for neither material changes nor any ambiguity have been introduced.

The Editorial Office of the *Israel Journal of Entomology* apologises for any inconvenience this omission might have caused.
